

# How to create an IAM sub account

- 1 login in Huawei Cloud Console with master account.
2. go to your account -> Identity and Access Management

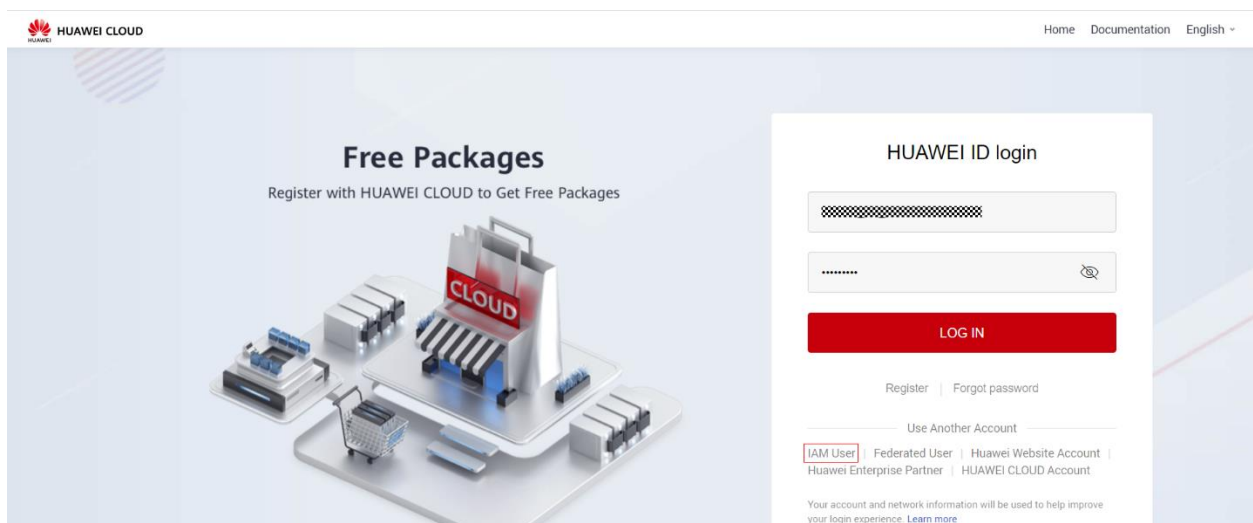

3. create User

Click "Create User" to create sub account, For example, the sub account is "yong".

4. login in with sub account "yong"

Please remember click “IAM User” to switch to IAM user login console followed:

The screenshot shows the Huawei Cloud IAM User Login interface. At the top left is the Huawei Cloud logo. At the top right are links for 'Home', 'Documentation', and 'English'. The main content area is split into two sections. On the left, a banner titled 'Free Packages' with the subtitle 'Register with HUAWEI CLOUD to Get Free Packages' features a 3D illustration of a shopping cart filled with server racks and a 'CLOUD' sign. On the right, the 'IAM User Login' form is displayed. It contains three input fields: the first for a master account (masked with 'x'), the second for a sub account (containing 'yong'), and the third for the IAM user password (masked with 'x' and having an eye icon for toggling visibility). Below these fields is a red 'Log in' button. At the bottom of the form are links for 'Forgot Password' and a 'Remember me' checkbox. At the very bottom, there is a link for 'Use Another Account: HUAWEI ID | Federated User'.

Enter your “master account” and then enter the sub account “yong”.
